Notice: This policy provides life insurance coverage for the lifetime of the Life Insured if sufficient premiums are paid until Age 121. Premium payments in addition to the planned premium shown may need to be made to keep this policy and coverage in force. Additional amounts are not guaranteed. Interest above the guaranteed interest rate is not guaranteed and the company has the right to change the amount of additional interest credited to the policy and the amount of cost of insurance or other expense charges deducted under the policy, which may require more premium to be paid than was illustrated, or the Policy Value may be less than was illustrated. Keeping the policy and coverage in force will be affected by factors such as: changes in the current cost of insurance rates; the amount, timing and frequency of premium payments; the interest rate being credited to the Guaranteed Interest Account; changes to the death benefit option; changes in the Total Face Amount; loan activity; withdrawals; and deductions for any applicable Supplementary Benefit riders that are attached to, and made a part of, this policy. Also refer to the Grace Period and Policy Termination provisions in Sections 10 and 11.

The policy value at the end of the No Lapse Guarantee Period shown on 3B may be insufficient to keep the policy in force. If so, higher premiums thereafter than what you have been paying will be required to keep the policy in force. Keeping the No Lapse Guarantee benefit in force will be affected by factors under your policy such as: the amount, timing, and frequency of premium payments; changes in the death benefit option; changes in the face amount; loan activity and partial withdrawals. You may contact us for more information about these requirements. The No Lapse Guarantee benefit terminates at the end of the No Lapse Guarantee period shown on 3B although the policy may still remain in force.

The term "**Net Premium**" is the gross premium paid less any Premium Charge.

The term "**Partial Surrender Charge Decrease Exemption**" is the percentage of the Base Face Amount at Issue as shown in Section 1 in the Table of Values. This percentage is set at issue of the policy. This exemption applies to cumulative decreases in the Base Face Amount of insurance. Once cumulative decreases exceed this exemption, applicable Surrender Charges will apply. The exemption is not applicable to a full surrender of the policy or Net Cash Surrender Value withdrawals.

The term "**Planned Premium**" means the premium that is selected in the application for the policy, which is intended to be paid on a regular modal basis.

The term "**Policy Date**" is the date from which charges for the first Monthly Deduction are calculated. The Policy Date is shown in Section 1. Policy Years, Policy Months, and Policy Anniversaries are determined from the Policy Date.

4. QUALIFICATION AS LIFE INSURANCE

It is the intent that this policy be considered as life insurance for federal income tax purposes. In order to comply with the Internal Revenue Code definition of "life insurance", we reserve the right to make any reasonable adjustments to the terms or conditions of this policy. This provision should not be construed to guarantee that this policy will receive tax treatment as life insurance or that the tax treatment of life insurance will never be changed by the future actions of any tax authority. In order for this policy to qualify as life insurance, one of the following tests will apply to the policy. The test you elected is shown in Section 1. Your election cannot be changed after issue.

Guideline Premium Test

Under this test, if at any time the premiums received under the policy exceed the amount allowable for such tax qualification, such excess amount shall be removed from the policy as of the date of its payment, together with interest thereon from such date, and any appropriate adjustment in the Death Benefit shall be made as of such date. This excess amount shall be refunded to you no later than 60 days after the end of the applicable Policy Year. If this excess amount is not refunded by then, the Total Face Amount under the policy shall be increased retroactively so that at no time is the Death Benefit ever less than the amount necessary to ensure or maintain such tax qualification. In no event, however, will we refuse to accept any premium necessary to prevent the policy from terminating but only if such premium payment would result in no more than a zero Policy Value at the end of the policy year. In addition, the Minimum Death Benefit, as described in Section 6, must be maintained.

Cash Value Accumulation Test

Under this test, the Minimum Death Benefit, as described in section 6, must be maintained. We reserve the right to modify the Minimum Death Benefit Factors shown in Section 2, retroactively if necessary, to ensure or maintain qualification of this policy as a life insurance contract for federal income tax purposes, notwithstanding any other provisions of this policy to the contrary. In no event will we refuse to accept any premium necessary to prevent the policy from terminating.

Effect on Life Insurance Qualification Tests

A change in Death Benefit Option or Total Face Amount, or certain other policy changes, will often change the policy's limits under the Life Insurance Qualification Test that you elected.

We reserve the right to refuse or limit any request for a change if the change would cause the policy to fail to qualify as life insurance for tax purposes.

5. TOTAL FACE AMOUNT

The Total Face Amount is made up of two components: (i) the Base Face Amount, and (ii) any Supplemental Face Amount. Minimum Base Face Amount and the minimum Total Face Amount limits are shown in Section 1. Scheduled increases in any Supplemental Face Amount are elected on the application and if approved, their amounts, when they are to become effective and the Maximum Increasing Supplemental Face Amount will be shown in Section 1. If you request to cancel a scheduled increase, or request a decrease in your Supplemental Face Amount, that request will be honored but all scheduled increases for subsequent policy years will cease. Future increases to Supplemental Face Amount will be subject to the Company's normal underwriting practices. After the first Policy Year, while the Life Insured is alive and the policy is in force, unscheduled changes to the Supplemental Face Amount may be requested in writing. We reserve the right to limit the number of such unscheduled changes to one per Policy Year. We also reserve the right to limit the maximum and minimum amounts of unscheduled changes. All requested changes will be subject to our approval. You may not increase your Base Face Amount of insurance under this policy.

Increase in Supplemental Face Amount

As a condition of our approval of any unscheduled increase in Supplemental Face Amount, we may require evidence of insurability satisfactory to us. A minimum premium payment may also be required. When a requested change becomes effective, a change in future Planned Premiums will automatically be affected. Any change will be effective on the next Annual Processing Date after our approval. If an increase in Supplemental Face Amount is elected and approved after the Policy Date, any remaining No Lapse Guarantee Period for the Base Face Amount will be reduced to zero.

Reduction of Total Face Amount

You may request a reduction in Total Face Amount any time after the first Policy Year while this policy is in force. Any reduction in the Total Face Amount will be implemented by first reducing any Supplemental Face Amount. We reserve the right to allow a reduction in Base Face Amount first. If there is a reduction in Base Face Amount, a charge may be deducted from the Policy Value. This charge will be equal to a proportionate part of the Surrender Charge that would have applied if the policy had been surrendered on the date the reduction in Base Face Amount takes effect. The proportion will be equal to the amount of the reduction in Base Face Amount which exceeds the Partial Surrender Charge Decrease Exemption divided by the amount of Base Face Amount in effect immediately before the reduction, less any applicable Partial Surrender Charge Decrease Exemption. This charge, without any Partial Surrender Charge Decrease Exemption, will also apply if a withdrawal, as described in Section 17, results in a reduction in Base Face Amount. Without our prior approval, the Base Face Amount cannot be reduced below the minimum as shown in Section 1. Any reduction in Supplemental Face Amount or Base Face Amount will be effective on the next Processing Date after our approval.

6. INSURANCE BENEFIT

If the Life Insured dies while the policy is in force, we will pay the Insurance Benefit upon receipt of due proof of death of the Life Insured, subject to any applicable provisions of the policy. If the Life Insured dies on or after the date we receive a request from you to surrender the policy, no Insurance Benefit will be paid. We will pay the amount payable under the Surrenders and Withdrawals provision instead.

Insurance Benefit

The Insurance Benefit payable is:

- (a) the Death Benefit as described below; plus
- (b) any amounts payable under any Supplementary Benefit riders as a result of the Life Insured's death that form part of the contract; less
- (c) any outstanding Policy Debt at the date of death.

If the Life Insured dies during a grace period, the Insurance Benefit payable described above will be modified as follows:

- (a) the Insurance Benefit will be reduced by any outstanding Monthly Deductions due; and
- (b) the Policy Value used in the calculation of the Death Benefit will be the Policy Value as of the date of death of the Life Insured.

6. INSURANCE BENEFIT (continued)

Death Benefit

The Death Benefit will depend on whether Option 1 or Option 2 is in effect on the date of the Life Insured's death.

Death Benefit Options

Under Option 1, the Death Benefit is equal to the Total Face Amount at the date of death of the Life Insured. Under Option 2, the Death Benefit is equal to the Total Face Amount at the date of death of the Life Insured plus the Policy Value at the date of death of the Life Insured.

The Death Benefit after the Life Insured's Attained Age 121 will be as described in Section 13.

If any withdrawals are made, the Death Benefit, whether Option 1 or Option 2 is in effect, will be less than it would have been if no withdrawals were made. Withdrawals reduce the Death Benefit by reducing:

- (a) the Total Face Amount if Option 1 is in effect, as specified in Section 17; or
- (b) the Policy Value if Option 2 is in effect.

Change of Death Benefit Options

You may request in writing to change your Death Benefit Option at any time after the first Policy Year while the policy is in force, subject to the Minimum Base Face Amount shown in Section 1. For a change from Option 1 to Option 2, the change will be effective on the next Annual Processing Date following the date we approve the request, and the Total Face Amount after the change will be equal to the Total Face Amount immediately before the change minus the Policy Value as of the effective date of the change.

For a change in Option 2 to Option 1, the change will be effective on the next Processing Date following the date we approve the request, and the Total Face Amount after the change will be equal to the Total Face Amount immediately before the change plus the Policy Value as of the effective date of the change.

Minimum Death Benefit

The sum of the Death Benefit as described above and any amounts payable upon death of the Life Insured under any Supplementary Benefit riders will never be less than the Minimum Death Benefit. The Minimum Death Benefit is equal to the Policy Value on the date of death multiplied by the Minimum Death Benefit Factor for the Age of the Life Insured. The Minimum Death Benefit Factors are shown in Section 2. If the Minimum Death Benefit that results from this calculation exceeds the Total Face Amount, we reserve the right to:

- (a) distribute to you a portion of the Policy Value such that the resulting Minimum Death Benefit does not exceed the Total Face Amount; or
- (b) if we should decide to accept the additional death benefit, require evidence of insurability satisfactory to us.

7. INTEREST ON PROCEEDS

We will pay interest on proceeds paid in one sum including interest as stipulated by the state. If the state does not specify the interest rate, we will use the rate for insurance benefits left on deposit with us.

8. PREMIUMS

The Minimum Initial Premium is shown in Section 1. No insurance will take effect under this policy until our underwriters approve issuance of this policy and the conditions specified in the application form have been satisfied, including receipt of at least the Minimum Initial Premium at our Service Office.

Subsequent premiums can be paid at any time at our Service Office, and in any amount subject to the limits described below. We will give you a receipt signed by one of our officers.

If coverage under the policy takes effect in accordance with the provisions of the application, we will process any premium payment as of the end of the Business Day the payment is received at our Service Office, subject to the limitations of the life insurance qualification test elected by you and to our maximum limits then in effect, unless one of the following exceptions applies.

- (i) We will process a payment received prior to the Policy Date as if received on the Policy Date.
- (ii) We will process the portion of any premium payment for which we require evidence of the Life Insured's continued insurability on the first Business Day after we have received such evidence and found it satisfactory to us.

8. PREMIUMS (continued)

- (iii) If our receipt of any premium payment (or portion thereof) would cause a problem for the policy to qualify as a "life insurance contract" under the federal income tax laws, we will not process such payment or portion. However, in the case of certain other tax situations, we will process the payment (or portion thereof) on the first Business Day after we have received satisfactory written instructions from you.

You may pay premiums until the Life Insured reaches Age 121, at which time Monthly Deductions cease and no further premiums may then be paid as described in Section 13.

If any premium payment would result in an increase in the Minimum Death Benefit, we reserve the right to either refund the premium or to require evidence of insurability satisfactory to us for any increase in the Minimum Death Benefit.

Continuation of Insurance Upon Discontinuance of Premium Payments

If you discontinue paying premiums, we will continue taking the Monthly Deductions from the Policy Value. Your insurance coverage will continue subject to the No-Lapse Guarantee, Grace Period, and Policy Termination provisions in Sections 9, 10 and 11.

9. NO-LAPSE GUARANTEE

Your policy includes a No-Lapse Guarantee. The guarantee periods applicable to the Base Face Amount and to any Supplemental Face Amount are shown in the Table of Values in Section 1. During your No-Lapse Guarantee Period, if the Net Cash Surrender Value falls to zero or below, your policy will not go into default provided it satisfies the cumulative premium test.

Cumulative Premium Test

The test will be performed on any Processing Date that your policy would otherwise be in default in the absence of the No-Lapse Guarantee. Your policy will satisfy the test if the sum of the premiums received, less any Policy Debt, and less any withdrawals, taken on or before the date of the test, is equal to or greater than the sum of the monthly No-Lapse Guarantee Premiums due from the Policy Date to the date of the test. The test will exclude any period during which the Life Insured was totally disabled if the Total Disability Waiver Of Monthly Deductions Rider Supplementary Benefit is included in the policy. The No-Lapse Guarantee Premium is shown as an annualized amount in Section 1.

The No-Lapse Guarantee Premium may change if any of the following changes occur under your policy:

- (a) you add, terminate or change a Supplementary Benefit rider;
- (b) you change the Death Benefit Option under your policy;
- (c) there is a change in the Base Face Amount or the Supplemental Face Amount; or
- (d) there is a change in the Life Insured's Risk Classification, or if applicable, Additional Rating.

We will inform you of any change to the No-Lapse Guarantee Premium resulting from any such change. The revised premium will be effective from the date of the change. For the purpose of performing the Cumulative Premium Test, we will use the No-Lapse Guarantee Premium in effect as of the Policy Date up to the date of the change, including any revised premium in effect as of the date of a prior change.

10. GRACE PERIOD

Default

Subject to the No-Lapse Guarantee feature of the policy, the policy and any Supplementary Benefit riders will go into default if, at the beginning of any Policy Month, the Net Cash Surrender Value is less than or equal to zero after we take the Monthly Deduction that is due for that month.

Grace Period Duration

We will allow 61 days from the date the policy goes into default, for you to pay the amount that is required to bring the policy out of default. At least 15 and not more than 45 days prior to termination of coverage, we will send notice to your last known address, specifying the amount you must pay to bring the policy out of default. If we have notice of a policy assignment on file at our Service Office, we will also mail a copy of the notice of the amount due to the assignee on record.

10. GRACE PERIOD (continued)

Default Payment

The amount required to bring the policy out of default, referred to as the Default Payment, is equal to (a) plus (b) plus (c) where:

- (a) is the amount by which all unpaid monthly deductions exceeds the Net Cash Surrender Value at the date of default;
- (b) is an amount equal to 3 times the Monthly Deduction due on the date of default;
- (c) is the applicable Premium Charge.

When payment is received, any expense charges which are past due and unpaid will be immediately deducted from the Net Policy Value. If the Default Payment has not been paid by the end of the grace period, the policy will terminate. If the Life Insured dies while the policy is in default, then we will deduct from the proceeds all Monthly Deductions due and unpaid as of the date of the Life Insured's death. No Supplementary Benefit riders will be in effect after the policy terminates.

No-Lapse Guarantee

If the policy is in the No-Lapse Guarantee Period, and the Cumulative Premium Test has been met, then one of the following will apply.

- During the first 2 Policy Years, the Base Face Amount, any Supplemental Face Amount, and any Supplementary Benefit riders will remain in effect.
- For the remainder of the No-Lapse Guarantee Period, if any, (see Section 1 for the duration of the No-Lapse Guarantee Period), the Base Face Amount will remain in effect, but any Supplemental Face Amount and any Supplementary Benefit riders (unless otherwise stated therein) will be subject to termination. The amount required to maintain any Supplemental Face Amount and any applicable Supplementary Benefit riders is equal to the Default Payment specified above. If a payment at least equal to the Default Payment is not received by the end of the grace period, then any Supplemental Face Amount, and any Supplementary Benefit riders (unless otherwise stated therein), will cease to be in effect and will be terminated from the policy.

Failure to Meet Cumulative Premium Test

If the policy is in the No-Lapse Guarantee Period, and the Cumulative Premium Test has not been met, then the Base Face Amount, any Supplemental Face Amount, and any Supplementary Benefit riders will go into default, as described above. The Grace Period Duration and Default Payment provisions described above will apply. In lieu of the Default Payment, however, you may pay the shortfall needed to meet the Cumulative Premium Test, in which case one of the following will apply.

- During the first 2 Policy Years, the Base Face Amount, any Supplemental Face Amount, and any Supplementary Benefit riders will remain in effect.
- For the remainder of the No-Lapse Guarantee Period, if any, the Base Face Amount will remain in effect, but any Supplemental Face Amount and any Supplementary Benefit riders (unless otherwise stated therein) will terminate as of the end of the Grace Period.

The shortfall will be equal to the amount necessary to satisfy the Cumulative Premium Test as of the date of default, plus the No-Lapse Guarantee Premium for the next three Policy Months.

11. POLICY TERMINATION

This policy terminates on the earliest of the following events:

- (a) the end of the grace period for which we have not received the amount necessary to bring the policy out of default;
- (b) surrender of the policy for its Net Cash Surrender Value; or
- (c) the death of the Life Insured.

12. REINSTATEMENT

If the policy terminates at the end of a grace period in which you did not make a required payment, the policy may be reinstated within 3 years from the date of default. The policy cannot be reinstated if it has been surrendered for its Net Cash Surrender Value.

The requirements for reinstatement are as follows:

- (1) we must receive written request for reinstatement;
- (2) we must receive evidence of insurability satisfactory to us for the Life Insured, and for any insureds covered under any Supplementary Benefit rider that you wish to reinstate;
- (3) we must receive a premium equal to the amount that was required to bring the policy out of default immediately prior to termination, plus the amount needed to keep the policy in force for the next 3 Policy Months.

Requirements (2) and (3) must be satisfied within 60 days after the date we receive written request for reinstatement.

If we approve your request,

- (a) the reinstatement date will be the date we receive the required payment at our Service Office;
- (b) any Surrender Charge will be reinstated to the amount it was at the date of default;
- (c) the remaining Surrender Charge Period, if any, will be the same as on the date of default;
- (d) the Policy Value on the date of reinstatement, prior to the crediting of any Net Premium paid on the reinstatement, will be equal to the Policy Value on the date the policy terminated.

The limitation of the death benefit payable in the event of suicide occurring within two years after the Issue Date does not begin anew upon reinstatement.

13. COVERAGE AT AND AFTER AGE 121

Coverage under this policy at and after the Life Insured's Age 121 is subject to the stipulations stated below.

Death Benefit

Any Supplemental Face Amount will be terminated, thereby reducing the Death Benefit by such amount. Apart from this change, the Death Benefit will be determined in the same respect as specified in Section 6.

Premiums and Monthly Deductions

We will not accept any further premium payments. We will cease to take Monthly Deductions for charges listed in Section 1.

Credited Interest

We will continue to credit interest monthly to your Policy Value.

Policy Debt and Default

New Loans will not be allowed at and after the Life Insured's Age 121. Loan interest will continue to be charged if there is an outstanding loan when Monthly Deductions and premium payments cease at the Life Insured's Age 121. Loan repayments will be accepted at and after the Life Insured's Age 121. The policy will go into default at any time the Policy Debt exceeds the Policy Value, and Section 10, Grace Period, and Section 16, Loans, will apply.

Withdrawals

Withdrawals will not be allowed at and after the Life Insured's Age 121.

NOTE: This policy may not qualify as life insurance after Age 121, and may, therefore, be subject to adverse tax consequences. Please consult a tax advisor before choosing to continue the policy after Age 121.

14. POLICY VALUE

Net Premiums Added

When we receive your premium payments at our Service Office, we deduct a Premium Charge which will not exceed the amount shown in Section 1 and add the balance remaining (the Net Premium) to the Policy Value. We will do this before we take any deductions due on that Business Day. However, we will add any Net Premiums received before the Policy Date to your Policy Value as of the Policy Date.

While a loan exists, we will treat the amounts you pay as premiums unless you request in writing that they be treated as loan repayments. If you instruct us to do so, we will first deduct from such payments the amount of accrued interest on loans and then deduct the amount specified as a loan repayment before applying any balance remaining as a premium payment.

14. POLICY VALUE (continued)**Monthly Deductions**

A deduction is due and will be taken from the Policy Value as of the Policy Date and as of each applicable Processing Date. Monthly Deductions are calculated from the Policy Date. If, at your request, we set the Policy Date to a date which precedes the date on which we receive the initial premium, Monthly Deductions due for the period prior to receipt of the initial premium will be taken on the later of the date we receive the initial premium and the date our underwriters approve issuance of this policy.

Monthly Deductions are due until the Policy Anniversary on which the Life Insured reaches Age 121 at which time we will cease to take any further Monthly Deductions as described in Section 13.

The Monthly Deduction for any Policy Month that will be deducted from the Policy Value consists of charges (a) through (e) listed below, where:

- (a) is the Administrative Charge;
- (b) is the Face Amount Charge, if any;
- (c) is the sum of the charges for riders which are part of the policy, if any, provided such charges are deducted from the Policy Value;
- (d) is the sum of all charges for ratings, if applicable; and
- (e) is the Cost of Insurance Charge, as described below.

Cost of Insurance Charge

The rates for the Cost of Insurance Charge, as of the Policy Date and subsequently for each increase in Total Face Amount, are based on the Life Insured's sex, if applicable, Age, Risk Classification and duration that the coverage has been in force.

The Cost of Insurance Charge for a specific Policy Month is the charge for the Net Amount at Risk, including any Additional Ratings and any Supplementary Benefit riders which are part of the policy. The charge for the Net Amount at Risk is an amount equal to the per dollar cost of insurance rate for that month multiplied by the Net Amount at Risk, and will be based on our expectations of future mortality, persistency, investment earnings, expense experience, capital and reserve requirements, and tax assumptions. The Maximum Monthly Rates at any age are shown in Section 2 as a rate per \$1,000 of Net Amount at Risk. To get the maximum rate per dollar, the rate shown must be divided by 1,000. Each Cost of Insurance Charge is deducted in advance of the applicable insurance coverage for which we are at risk.

The Cost of Insurance calculation will reflect any adjustment for the Minimum Death Benefit.

We review our Cost of Insurance rates from time to time, and may re-determine Cost of Insurance rates at that time on a basis that does not discriminate unfairly within any class of lives insured.

Net Amount at Risk

The Net Amount at Risk is the amount determined by subtracting (a) from the greater of (b) or (c) where:

- (a) is the Policy Value at the end of the immediately preceding Business Day less all charges due on the Policy Date or Processing Date;
- (b) (i) is the sum of the Total Face Amount and the Death Benefit payable under any Supplementary Benefit riders, divided by the Death Benefit Discount Factor shown in Section 1 for Death Benefit Option 1; or (ii) is the sum of the Total Face Amount and the Death Benefit payable under any Supplementary Benefit riders, divided by the Death Benefit Discount Factor shown in Section 1 plus the Policy Value for Death Benefit Option 2; and
- (c) is the amount defined in (a) multiplied by the applicable Minimum Death Benefit Factor for the Life Insured's Age as shown in Section 1.

Other Deductions

We will deduct a Surrender Charge, as detailed in Section 17, if during the Surrender Charge Period:

- (a) you surrender this policy for its Net Cash Surrender Value;
- (b) the Base Face Amount decreases as a result of a Net Cash Surrender Value withdrawal, since the Partial Surrender Charge Decrease Exemption does not apply to such a decrease;
- (c) you do not pay an amount due at the end of the Grace Period as described in Section 10, and your policy terminates.

15. LOAN ACCOUNT AND GUARANTEED INTEREST ACCOUNT

The sum of the values in the Loan Account and the Guaranteed Interest Account, as described below, comprise the Policy Value.

Loan Account Value

The amount you have in the Loan Account at any time equals:

- (a) amounts transferred to it for loans or borrowed loan interest; plus
- (b) interest credited to it; less
- (c) amounts transferred from it for loan repayment.

For details regarding the Loan Account, see Section 16.

Guaranteed Interest Account Value

The amount you have in the Guaranteed Interest Account at any time equals:

- (a) Net Premiums allocated to it; plus
- (b) amounts transferred to it; plus
- (c) interest credited to it; less
- (d) amounts deducted from it; less
- (e) amounts transferred from it; less
- (f) amounts withdrawn from it.

We will determine the rate or rates of interest to be credited to the Guaranteed Interest Account. Any additional interest will be credited no less frequently than annually. Beginning in policy year 11, if the credited rate of interest exceeds 3.14%, then such credited rate of interest will be increased by an amount equal to .15%. Additional interest is nonforfeitable after crediting except indirectly due to surrender charges. The rate or rates of interest will be determined prospectively and will be based on our expectations for the Guaranteed Interest Account's future investment earnings, persistency, mortality, expense and reinsurance costs and future tax, reserve, and capital requirements, but in no event will the minimum credited interest be less than the Guaranteed Interest Account Annual Rate shown in Section 1. The rate or rates of interest will be determined on a uniform basis for life insureds with the same timing and amount of premium, same amount of Policy Debt, and whose policies have been in force for the same length of time. For all transactions, interest is calculated from the date of the transaction.

16. LOANS

At any time while this policy is in force and sufficient loan value is available, you can get a loan by written request. Each loan must be for at least the Minimum Loan Amount shown in Section 1. We may require a loan agreement from you as the policy is the only security for the loan. We may defer loans as provided by law or as provided in Section 24. Loans may not be made if the policy is in the Grace Period as described in Section 10.

Available Loan Value

The available loan value on any date is the Net Cash Surrender Value, less estimated interest and the Monthly Deductions due to the next Policy Anniversary. In no event, however, will the available loan value be less than 90% of the Net Cash Surrender Value. Values will be determined, subject to Section 24, as of the end of the Business Day on which the loan application is received at our Service Office.

Loan Account

When you take out a loan, or when loan charges are borrowed, we will transfer amounts from the Guaranteed Interest Account into the Loan Account

Interest is credited to the Loan Account and interest is also charged on the Policy Debt, as described in the Loan Interest Charged and Loan Interest Credited provisions.

16. LOANS (continued)

Loan Interest Charged

The loan interest rate is variable. It will be set each year at your Policy Anniversary and it will not change during the year.

The policy will not lapse in a policy year, solely as a result of a change in interest rate.

The loan interest rate charged will not exceed the greater of (a) and (b), where:

- (a) is the Guaranteed Interest Account Rate shown in Section 1 plus 1% per annum; and
- (b) is the Moody's Corporate Bond Yield Average-Monthly Average Corporates for the calendar month ending two months before the beginning of the month in which your Policy Anniversary falls. For example, if your Policy Anniversary is in April, we would use the Average for January.

If the Average is at least one-half of one percent smaller than the rate we have set for the previous Policy Year, we will reduce the rate to a rate no more than that Average. If the Average is at least one-half of one percent greater than the rate we have set for the previous Policy Year, we will increase the rate to a rate no more than that Average.

Moody's Corporate Bond Yield Average-Monthly Average Corporates referred to above is published in the United States by Moody's Investors Service, Inc. In the event it is no longer published, we will use a similar average published by another United States bond rating agency.

Interest will accrue daily on loans. Loan interest will be payable on each Annual Processing Date and on the date the loan is settled. In the event that you do not pay the loan interest charged in any Policy Year, it will be borrowed against the policy and added to the Policy Debt in arrears at the Policy Anniversary.

We will increase the Loan Interest Rate at any time it is determined that the rate being charged would cause a loan to be taxable under any applicable ruling, regulation, or court decision. In such case, we will increase the Loan Interest Rate to an amount that would result in the transaction being treated as a loan under federal tax law.

Loan interest will continue to be charged, as described in Section 13, when Monthly Deductions and premium payments cease at the Life Insured's Age 121.

Loan Interest Credited

Loan interest will accrue daily to amounts in the Loan Account. The effective loan interest rate credited to the Loan Account is the difference between the effective loan interest rate charged and the Loan Interest Credited Differential. The difference, in terms of dollars, is the cost of keeping a loan. The differential will not exceed the Maximum Loan Interest Credited Differential shown in Section 1.

Loan Repayment

You may repay the Policy Debt in whole or in part at any time prior to the death of the Life Insured and while the policy is in force. When you make a loan payment or repay a loan, we will transfer an amount equal to the amount received, less the Loan Interest Credited Differential for such amount received, from the Loan Account to the Guaranteed Interest Account.

Subject to any rider, endorsement, or other provisions, while a loan exists, we will treat any amounts you pay as premiums, unless you request in writing that they be treated as loan repayments.

17. SURRENDERS AND WITHDRAWALS

Surrender of the Policy

You may surrender this policy upon written request for its Net Cash Surrender Value at any date prior to the death of the Life Insured. We will determine the Net Cash Surrender Value as of the end of the Business Day on which we have received at our Service Office your written request for full surrender of the policy. We will process the request and pay the Net Cash Surrender Value only if we have not received due proof that the Life Insured died prior to the surrender date. After we receive your written request to surrender the policy, no insurance will be in force. If you surrender the policy during the Surrender Charge Period, we will deduct a Surrender Charge from your Policy Value in calculating the Net Cash Surrender Value. The Surrender Charge and Surrender Charge Period are shown in Section 1.

17. SURRENDERS AND WITHDRAWALS (continued)

Withdrawals

Once per Policy Month after the first Policy Anniversary, you may request a withdrawal of part of the Net Cash Surrender Value if available. For each withdrawal we reserve the right to deduct a Withdrawal Fee as shown in Section 1. Withdrawals are subject to the following conditions:

- (a) without our approval, each withdrawal must be for at least the Minimum Withdrawal Amount shown in Section 1;
- (b) after the withdrawal, the remaining Net Cash Surrender must be at least equal to 3 times the Monthly Deductions at the time of the withdrawal;
- (c) we will process the withdrawal, thereby reducing the Policy Value, as of the end of the Business Day on which we receive your written request;
- (d) we will deduct a pro-rata Surrender Charge if the withdrawal occurs during the Surrender Charge Period, and the withdrawal results in a reduction in Base Face Amount;
- (e) we will reduce the amount of the withdrawal if the amount is not sufficient to pay the withdrawal plus the Withdrawal Fee and any pro-rata Surrender Charge; and
- (f) we will reduce the amount of the withdrawal if it would otherwise cause the Base Face Amount to fall below the Minimum Base Face Amount shown in Section 1.

If Death Benefit Option 1 is in effect at the time of the withdrawal, the Total Face Amount of the policy will be reduced:

- (a) by the amount of the withdrawal, if at the time of the withdrawal the Death Benefit equals the Total Face Amount; otherwise
- (b) by the amount, if any, by which the withdrawal (including any applicable pro-rata surrender charge and withdrawal fee) exceeds the difference between the Minimum Death Benefit and the Total Face Amount, divided by the applicable Minimum Death Benefit Factor for the Life Insured's Age as shown in the Table of Rates in Section 2.

Withdrawals will reduce the Supplemental Face Amount first, and then the Base Face Amount. We reserve the right to allow a reduction in Base Face Amount prior to fully reducing the Supplemental Face Amount. If the Death Benefit on any given day is equal to the Policy Value times the applicable Minimum Death Benefit Factor, withdrawals on such day will reduce the Death Benefit by the amount withdrawn times the applicable Minimum Death Benefit Factor until the Death Benefit is equal to the Total Face Amount. Your Death Benefit will continue to be determined in accordance with Sections 6 and 13, subject to these provisions.

If Death Benefit Option 2 is in effect, an amount equal to any withdrawal and Withdrawal Fee will be deducted from the Policy Value. Withdrawals will not affect the Total Face Amount. Your Death Benefit will continue to be determined in accordance with Sections 6 and 13.

At any time after the first Policy Year, you may apply the Net Cash Surrender Value to purchase a level amount of paid up whole life insurance under this policy. The amount of such paid up insurance and of the Surrender Value of that insurance will be calculated using the guaranteed maximum mortality charge and 4% interest. No further expense charges will be deducted. The Minimum Face Amount shown in the Policy Specifications section will not be applicable in determining the paid up amount. We may require evidence of insurability for any amount of insurance in excess of the Death Benefit under this policy on the date the Net Cash Surrender Value is applied.

The Net Cash Value and paid up nonforfeiture benefits are not less than the minimum values and benefits required by any statute of the state in which the policy is delivered.

18. OWNER AND BENEFICIARY

Until the Life Insured's death, without the consent of any revocable beneficiaries, you can receive any amount payable under the policy and exercise all rights and privileges granted by the policy.

Change of Owner

Until the Life Insured's death, the owner can change the ownership of the policy by written request. The change will take effect as of the date you signed the written request. It will not apply to any payments we made or any action we may have taken before we received your written request.

18. OWNER AND BENEFICIARY (continued)

Trustee Owner

Should the owner be a trustee, payment to the trustee(s) of any amount to which the trustee(s) is (are) entitled under the policy, either by death or otherwise, will fully discharge us from all liability under the policy to the extent of the amount so paid.

Joint Ownership

Two or more owners will own the policy as joint tenants with right of survivorship, unless otherwise requested on the application or in any subsequent assignment of the policy. On death of any of the owners, the deceased owner's interest in the policy passes to the surviving owner(s).

Successor Owner

Upon the owner's death during the Life Insured's lifetime, a named successor owner will, if then living, have all the owner's rights and interest in the policy. Until the Life Insured's death, the owner, without the consent of any beneficiary or any successor owner, can cancel or change the designation of successor owner. This may be done from time to time by agreement in writing with us.

The following four provisions will apply unless there is a beneficiary appointment in force that provides otherwise.

Beneficiary Classification

You can appoint beneficiaries for the Insurance Benefit in three classes: primary, secondary, and final. Beneficiaries in the same class will share equally in the Insurance Benefit payable to them.

Payment To Beneficiaries

We will pay the Insurance Benefit:

- (a) to any primary beneficiaries who are alive when the life insured dies; or
- (b) if no primary beneficiary is then alive, to any secondary beneficiaries who are then alive; or
- (c) if no primary or secondary beneficiary is then alive, to any final beneficiaries who are then alive.

Change Of Beneficiary

Until the Life Insured's death, you can change the beneficiary by written request unless you make an irrevocable designation. An irrevocable designation cannot be changed without the consent of the irrevocable beneficiary. We are not responsible if the change does not achieve your purpose. The change will take effect as of the date you signed such request. It will not apply to any payments we made or any action we may have taken before we received your written request.

Death Of Beneficiary

If no beneficiary is alive when the Life Insured dies, the Insurance Benefit will be payable to you; or if you are the Life Insured, to your estate. Unless otherwise provided, if a beneficiary dies before the seventh day after the death of the Life Insured, we will pay the Insurance Benefit as if the beneficiary had died before the Life Insured.

19. ASSIGNMENT

Your interest in this policy may be assigned without the consent of any revocable Beneficiary. Your interest, any interest of the Life Insured and of any revocable Beneficiary shall be subject to the terms of the assignment.

We will not be on notice of any assignment unless it is in writing, nor will we be on notice until a duplicate of the original assignment has been filed at our Service Office. We assume no responsibility for the validity or sufficiency of any assignment.

20. MISSTATEMENTS

If the age or sex of the Life Insured was misstated in the application, we will, if necessary, change the Base Face Amount, any Supplemental Face Amount, and every other benefit to that which would have been purchased at the correct age or sex by the most recent Cost of Insurance Charge.

21. SUICIDE

If the Life Insured commits suicide within 2 years from the Issue Date, the policy will terminate on the date of such suicide and we will pay (in place of all other benefits, if any) an amount equal to the premiums paid less the amount of any Policy Debt on the date of death and less any withdrawals.

If the Life Insured commits suicide after 2 years from the Issue Date or within 2 years from

- (a) the date we approve a schedule of increasing Supplemental Face Amount;
- (b) the effective date of any unscheduled increase in Supplemental Face Amount; or
- (c) the date of an increase in Death Benefit resulting from any payment of premium we are authorized to refuse under Section 4;

the benefits payable under the policy will not include the amount of such Death Benefit increase but will include the amount of premium that pertains to the increase.

We reserve the right under this provision to obtain evidence of the manner and cause of death of the Life Insured.

22. INCONTESTABILITY

This policy shall be incontestable after it has been in force during the lifetime of the Life Insured for two Policy Years from the Issue Date, except for policy termination, or any provision for reinstatement or policy change requiring evidence of insurability. Any contest will be based on material misrepresentation.

In the case of reinstatement or any policy change requiring evidence of insurability, the contestable period shall be two years from the effective date of such reinstatement or policy change. In addition, for a policy change involving the approval of any unscheduled increase(s), the contestable period shall be two years from the date we approve such increase(s).

Any premium payment which we accept subject to insurability, and any increase in the Death Benefit resulting from such payment, shall be considered a policy change for purposes of this Section and will be subject to contest for a period of two Policy Years from the date of the policy change.

23. THE CONTRACT

The written application for the policy is attached at issue. The entire contract between the applicant and us consists of the policy, such application, and any riders and endorsements. However, additional written requests or applications for policy changes or acceptance of excess payment may be submitted to us after issue and such additional requests may become part of the policy. Nothing is incorporated by reference. All statements made in any application shall be deemed representations and not warranties. We will use no statement made by or on behalf of the Life Insured to defend a claim under the policy unless it is in a written application.

An exchange of this policy for a new policy on a different plan may be made by agreement between you and us in accordance with our published rules in effect at that time.

We reserve the right to make any changes necessary in order to keep this policy in compliance with any changes in federal or state tax laws. Other changes in this policy may be made by agreement between you and us. Only the President, Vice President, the Secretary, or an Assistant Secretary of the Company has authority to waive or agree to change in any respect any of the conditions or provisions of the policy, or to extend credit or to make an agreement for us.

24. RIGHT TO POSTPONE PAYMENT OF BENEFITS

We reserve the right to postpone the payment of Net Cash Surrender Value, withdrawals, and policy loans, for up to six months after we receive such written request, except when required to make a premium payment.

25. CLAIMS OF CREDITORS

The proceeds and any income payments under the policy will be exempt from the claims of creditors to the extent permitted by law. These proceeds and payments may not be assigned or withdrawn before becoming payable without our agreement.

26. REPORTS TO OWNER

Within 30 days after each Policy Anniversary, we will send you a report at no charge showing:

- (a) the Death Benefit;
- (b) the Policy Value;
- (c) any Policy Debt;
- (d) any Loan Account balance and loan interest charged since the last report;
- (e) the premiums paid for the year; and
- (f) any further information required by law.

Upon request, we will provide you with a report of projected future values. We will provide one report annually without charge. For additional reports you request, we reserve the right to charge a reasonable fee, not to exceed \$50.

27. HOW VALUES ARE COMPUTED

We provide Cash Surrender Values that are at least equal to those required by law. We base minimum Cash Surrender Values on the Commissioners 2001 Standard Ordinary Sex and Smoker Distinct ANB Ultimate Mortality Tables, with substandard ratings as applicable. However, if this policy is issued on a unisex basis, we base minimum Net Cash Surrender Values on the Commissioners 2001 Standard Ordinary Male Mortality Table, with substandard ratings as applicable. We also use these tables in determining Guaranteed Maximum Cost of Insurance Charges. Reserves will be at least as great as the minimum required by law.

A detailed statement of the method of computing the values of this policy has been filed with the insurance department of the state shown in Section 1.
